A Leadership Development Program for student physical therapists and therapist assistants

Published On: July 09, 2019 | Pages: 010 - 014

Author(s): Laura LoVasco*

Introduction: Leadership is a key characteristic needed for physical therapists and physical therapist assistants to deliver primary care in the healthcare environment. There is a need for increasing leaders in the physical therapy profession, however, there is no published research to assist with initiating leadership at the student level. ...
